CREW WORK HAMPERED.

Wind and River Boats Conspire to Stop Fast Spins.

[BY TELEGRAPH TO THE TRIBUNE.] keepsle, N. Y., June 15.—The college crews all tried to get over the course at something like racing speed this evening, but only the Columbia carsmen succeeded. The water, roughened by a south wind, was made even more turbulent by the passage of several large river steamers, which absolutely disregarded the signals of the coaches for a clear course. The Columbia eight, which finished its time row over the full four miles, probably got very little in the line of a tangible result, for the was filled with water at the end.

Two starts were taken by the Columbia crews nd one being a get-away. The two eights started on even terms. They caught the rough water from the two mile mark down, and will know what to expect from the outside course if it is rough on regatta day. The boat, despite the fact that it was filled with water from that point, moved oothly, and the blade work was extremely good. The stroke was low, being apparently not over thirty to the minute at any time in the first three miles. The 'varsity established a comfortable

The first year men in the sixth inning that White and Holmes crossed rowed along until they were caught by the seniors the plate and put the visitors in the lead. White at the mile and a half point. At the bridge the got first on a single and Holmes on Conroy's erfreshmen were about a length and a half back. The 'varsity moved very well, in spite of the dis-

the Poughkeepsie came across and cut them off. The Tremper, another river boat, gave the freshnen a lot of trouble as they were starting out from the boathouse, and almost ran tham down, Coach Courtney and John Hoyle helped the Columbla crew empty their waterlogged shell at the

The Pennsylvania crews, which were going as Cornell went down, rowed as far as the rough water would let them, and then gave it up. There have been several changes in the Quakers' boats, Gleason, who has been stroking, going from that place to No. 5. Lavery, who was at No. 5, has been placed in the second four, Atkin going from that boat to stroke in the 'varsity. Doering has taken Emery's place at bow in the freshman boat. Coach Ward says he has not yet decided what will be the make-up of his four, and is keeping two crews at work until he makes up his mind. In the morning all the boats did long work, tak-ing easy rows. Pennsylvania went about eight miles.

LIGHT PRACTICE FOR YALE MEN.

'Varsity Leads Freshman Eight on Mile Brush-Fours Out, Too.

Yale Quarters, Gales Ferry, Conn., June 15.— After the Yale varsity's hard four-mile row last night, the men had light work on the river in the hot weather which prevailed to-day. This evening the 'varsity eight and the freshman eight raced for up river, the former finishing in the lead by half a length of open water. Both crews then returned to quarters. The 'varsity four and the substitute four also raced for a mile, and the 'var-sity won by four lengths. The morning practice of all the crews was light.

In the fourth inning the Giants pounded the ball all over the field and got three men across the plate. McGann, first up in this inning, singled to right and was advanced on a similar hit by Bresnahan. The latter stole second and then Devlin was allowed to walk, filling the bases. McGann scored on Dahlen's long fly to Clarke, Bresnahan getting to third. Mertes's fly scored Bresnahan and Devlin went to third when Clarke threw the ball wild to catch Bresnahan at the plate. BROOKLYN KEEPS ON LOSING.

Chicago Found Little Trouble in Scoring a Victory Yesterday.

Chicago, June 15.-Chicago had an easy time in defeating Brooklyn in the opening game of the series between the teams here to-day by a score of 10 to 4. The fielding of the visitors was wretched, especially the work of Hall, who covered second base. He made three costly errors. In the seventh inning his muff allowed Slagle and Schulte to cross the plate. The sccre follows:—
